A full-page background illustration of a blonde anime-style girl with long, flowing hair. She is wearing a light-colored, possibly white or light blue, dress with a high collar and long sleeves. She is holding a large, curved sword horizontally across her body. The background is a dark, moody blue with some lighter blue, ethereal shapes that look like smoke or mist. The overall tone is mysterious and dramatic.

SORRY...

SO THAT'S  
HOW A

ACTS...

HEY,  
WHAT'S A  
CARAVAN?

CROSSING THE  
DESERT AND THE  
WILD LANDS  
DURING MOST OF  
THE DAYS, THEY  
LOAD UP  
MERCHANDISE.

IT'S A BAND  
OF MERCHANTS  
TO BE SIMPLE,  
IT'S A MOVING  
SHOP.

HOP!

THERE  
ISN'T A LOT  
OF DUST  
TODAY, SO  
THEY CAN BE  
SPOTTED  
EASILY.

FROM THE  
LATEST GUILD  
NEWS, THEY  
SHOULD BE  
AROUND  
HERE.

THEY TRADE  
FOOD, WATER,  
CLOTHES, AND  
IN RARE CASES,  
WEAPONS.

HOWEVER,  
THEY  
DON'T SELL  
FUEL...

I  
SEE  
THEM...

WHAT?  
WHERE?

THE  
BLUE  
GROUP  
THERE.

THAT'S  
THE

She's the Fuujari's princess,  
the kingdom of sun. Gifted with  
a fighting spirit a lot higher  
than normal, she wants things  
to go the right way.

Ashenbura  
Fuujari

She likes swordfighting and  
horse-riding, and is doing fairly  
well in those two. She may be a  
bit stubborn... I am too, but she  
doesn't have to be aware of me!  
(laughs)

(Ashen's Sword)

It's a precious sword she  
got from her father,  
Shinag. A hand guard  
is fixed around the  
hilt.

(Ashen's Pendant)

It's in the back of her head.  
She received it from her only  
friend Ideia when she was a kid.  
By moving it, you can find a  
gemstone used for talking with  
Ideia, wherever the  
distance.

# Jelio Volsown (Jeen)

She is from the volsown family, one of the Skelchies-people. It's a family of Eld. Royal serving under the Royal lineage of Fildjari for generations. Being an good friend with Shingō, his death affected her a lot. She's hiding it by having a firm attitude, but it's seen by Ashek as a "cold" person. Her inability to express her feelings are increasing this feeling of "coldness"...but truth be told, she's simply clumsy.

In fighting mode, Jeen takes the form of a sword accommodating a big quantity of light. When you meet it, you can see remnants of light, making it look like a sword dance.

Go, go, Jeen!

Jeen's Elemental Blade is a black stone, similar to Onyx.

Jeen regenerates using the sun's light. But she has a white glow... she's whitening!

You want to know Jeen's 'Eld. Royal power'? I won't talk about it now cause it'll be explained soon!!
